

1- SAFETY DATA SHEET

- 1) **Company:** Zeus Bioscience Biyomedikal A.Ş.
Reşit Galip Cad. 18 Çankaya-Ankara/Türkiye

Identification of the Substance: ZEUS Electro Dish with ZEUS Electro Liquid Solution

2- COMPOSITION / INFORMATION OF INGREDIENTS

Composition: HEPES with Mannitol, MgSO₄, CaCl₂, and HSA

3- HAZARDOUS MATERIALS

Sample does not contain any hazardous material.

4 – FIRST AID PRECAUTIONS

General first aid methods.

5- FIRE EXTINGUISHING PRECAUTIONS

It does not contain any combustible materials.

6- ACCIDENTAL RELEASE MEASURE

In case of leakage wipe the surface. The sample is not harmful for environment.

7- HANDLING AND STORAGE

It was prepared as 2 kg and be carried by one worker. Store at +2 +8 degrees

8- PERSONAL PROTECTION

Does not cause harm, does not require special private precaution.

9- PHYSICAL AND CHEMICAL PROPERTIES

Physical Properties : Has C, H, N, O, S, Mg, Ca, Cl, and Human Serum Albumin (HSA) their combinations.

Chemical Properties : It does not contain chemical components that threaten human health.

10- STABILITY AND REACTIVITY

Sample is chemically stable. It does not contain any radioactive element and radioactivity.

11- TOXIC INFORMATION

Sample does not contain any toxic material.

12- ECOLOGICAL INFORMATIONS

The sample is produced using natural resources. Natural non-toxic rock chips. No negative effect to the environment.

13- DISPOSAL CONSIDERATIONS

Waste may be disposed of in a landfill. No tests required before disposal.

14- TRANSPORT INFORMATION

The sample is not dangerous for the IATA regulation.

15 – REGULATORY INFORMATION

ZEUS Bioscience Biyomedikal A.Ş. is aware of relevant regulatory information of toxic substances transportation.

16- OTHER
